cest Overruled APPROVAL OF STATE ENGINEER 11 12, 1972 See Ruling 1829
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
wing limitations and conditions: This permit is issued subject to existing rights. It is rstood that the amount of water herein granted is only a temporary allowance and the final water rights obtained under this permit will be dependent upon the nt of water actually placed to beneficial use. It is also understood that this t must allow for a reasonable lowering of the static water level. This well shall be
pped with a two (2) inch opening for measuring depth to water. If the well is
ring, a valve must be installed and maintained to prevent waste. A totalizing
r must be installed and maintained in the discharge pipe line near the point of
rsion and accurate measurements must be kept of water placed to beneficial use.
